Dear Resident,

I have produced this leaflet to help you get the most out of your MP. It includes details of the services I can offer to my constituents and how best to contact me.

While my staff and I will do all we can to help I am not able to support every cause and, indeed, I may not be the best person to approach. However if you aren't sure your problem is one with which I can help please don't hesitate to get in touch. My staff and I will always do our best for you.

I look forward to hearing from you

Kind regards

Ben Chapman
